Our newest aged care community is here

The Ormsby
—McKenzie—

RESIDENTIAL AGED CARE
THE ORMSBY, BUDERIM, QLD
The Ormsby, our newest aged care community, will be right at home here in Buderim.

Mary-Ann McKenzie
Director
Welcome to the newest member of our family in Buderim

Family-owned McKenzie Aged Care is already very popular on the Sunshine Coast. We feel privileged that so many locals know and love our Buderim Views community. So much so, we’re building another world-class, aged care residence in the neighbourhood.

Aptly named The Ormsby, after the local Buderim family who once farmed the property, this stunning architect–designed community will become a landmark in itself. Located in the picturesque hinterland, 88 kilometres from Brisbane, this brand new, purpose–built residence will boast a tranquil, treescape vista and be close to local conveniences, with McKenzie’s qualified and dedicated staff to provide all levels of aged care.

The Ormsby will feature inviting, light-filled, spacious suites and superb decor, an innovative design and stunning facilities including its very own Wellness Room and calming rainforest walk. With a range of affordable options, and due to welcome its first residents in April 2019, The Ormsby will be a place that anyone would feel proud to call home.
We're here to help you and your loved one every step of the way

Kim Hunt
General Manager, Client Relations
Family-owned

McKenzie Aged Care is an Australian-owned and operated company. But we’re also a family like yours so we know what matters. It’s why all of our homes have an open-door policy that welcomes visits from loved ones and friends at any time. It’s also why we offer a huge range of care options to meet your current and future needs. From permanent to respite care, we are here for you always.

Ensuring an easy transition

At McKenzie we understand that moving to an aged care residence can seem like a daunting and complex process.

This is why we have dedicated staff to guide you, from your initial enquiry through to moving in and beyond.

We work to develop an individual care plan for each resident in consultation with their family doctor and health professionals. We are also respectful of families and ensure they are included in the process, to provide support, answer questions and make the settling-in period a smooth transition for everyone.
A place to feel at **home**

Acclaimed architects, Fender Katsalidis, have designed The Ormsby around the specific needs of aged care residents and their families. Their sustainable design employs warm, natural materials and finishes. They have also created airy, light-filled living areas, perfect for meeting with family and friends, participating in a group activity or simply relaxing.

There will be no shortage of places to go and things to do. Take a stroll in the landscaped surrounds. Enjoy a cappuccino in the café. Catch a movie, borrow a library book, attend a prayer service. Perhaps even visit the hair salon. With a Wellness Room offering massage and other therapies, there’s all your favourite things to do and even some new ones too.

**Modern spacious suites**

We understand that having your own space is something that really matters. A place where you have the things you love around you or you can just enjoy some quiet time.

For this reason all rooms are spacious and each has its own private bathroom. There are large built-in robes, an emergency call button, free-to-air TV along with Foxtel and other digital communication options, like sending messages and photos directly to a resident’s room via McKenzie TV. Also your own glass doors open out onto the gardens, courtyard or balcony.

The beautiful decor reflects the Buderim landscape with just a hint of reddearth, leafgreen, sandstone and a sunkissed hue in the natural fabrics and high quality Australian-made furnishings. All of which provide the perfect base on which to add your personal touches.
We design the kinds of rooms we’d want for ourselves.

Sally McKenzie
Director
There’s no age limit on having fun

Lifestyle Coordinator
With a wealth of experience in aged care, McKenzie knows that people who stay active and connected enjoy happier, healthier lives. This is why we offer an array of activities, events and outings that maintain physical movement, stimulate mental alertness, create social interaction and enable residents to do the things they love.

A sense of community will be an important part of living at The Ormsby. Our daily lifestyle sessions will encourage participation in a range of activities including gentle and advanced exercise, music, games and sport. While our Wellness Room will ensure that everyone can enjoy some relaxation, massage and pampering.

At McKenzie we celebrate that everyone is an individual. Our programs are developed in collaboration with residents, tailored to interests and personalities, to ensure choice and flexibility. For instance, at The Ormsby, our options will also include regularly taking residents by bus to a range of clubs in the Buderim community. Or on a scenic drive to delight in the natural surrounds. After all, it’s very important to us that our residents can fill their days with what makes them happy and remain part of the local community they know and love.

Fresh and nutritious food... with a little indulgence

Every mealtime will be an occasion at The Ormsby where you can dine with others, and enjoy a most varied menu, that is sure to include lots of favourite dishes.

Chefs will prepare all the meals at The Ormsby. This means skillfully mixing the freshest, local ingredients with imagination and flair, to make every mealtime healthy and delicious.

Our menus, developed in consultation with a dietitian, change daily. Along with our well–balanced and nutritious meals, there is always a tasty dessert for that extra special treat.
Caring just comes naturally to us

Assistant in Nursing
The care of a family

At McKenzie, family is at the heart of everything we do, from finding the right staff to the services we provide. For our residents and their families this means secure, welcoming places where everyone feels cared for and supported.

As with all McKenzie residences, our people are carefully selected from highly skilled and qualified professionals. Much more than credentials, our people must also have dedication. It’s this love for what they do that enriches the lives of residents. Whether it’s through their genuine warmth, easy conversation or their healthy sense of humour and readiness to make things fun, our staff very much enhance the family feeling.

Of course, living at The Ormsby also means staying in touch with loved ones through visits, phone calls, messages or even online, via email and Facebook.

The Ormsby will have carers and registered nurses on duty right around the clock. Further to this our services include podiatry, physiotherapy, speech therapy, dietary support, massage and pain management.

Most importantly, we offer a range of affordable options, including Commonwealth-funded care. So, if a resident’s needs change, they can continue to stay here where they feel most comfortable, in familiar surroundings and among friends.

At McKenzie we consider it a privilege to be here for you and we are proud to provide the kind of care that only a family can give.

The next step

To secure your place at The Ormsby or find out more, please call us on 1300 899 222.

We look forward to welcoming you to our family.
